HB 244 **Williams**

Modifies provisions governing mental health efforts in public schools

This bill changes the suicide prevention training requirements for public schools beginning with the 2026-2027 school year. It requires that training and guidance on using the Columbia Protocol be included as well as training on the virtual tool described later in the bill designed to assist teachers in helping students use the tool to obtain mental health information, support, and help. It also requires that the school district's policy on youth suicide awareness and prevention training be updated to reflect these additions. The model policy previously developed will also be updated. It enacts Brennan's Law which requires that beginning with the 2026-2027 school year students receive mental health awareness training sometime during fifth through eighth grades. The instruction will be age-appropriate and students with disabilities will participate to the extent possible. It will be provided as part of the health and physical education curriculum based on a Department of Elementary and Secondary Education established program. The bill requires the Department of Mental Health's children's office to develop the virtual tool mentioned earlier in the bill before July 1, 2026.

HB 477 Oehlerking

Establishes written parental consent requirements for individualized education programs (IEPs)

This bill requires school districts or other entities serving a student with an IEP to obtain written or electronic consent from parents regarding initial placement, placement change, removal of a service or reduction or addition of the service minutes by more than 25%. Written documentation of the date of parental consent will be kept by the school district or entity. If full agreement is not reached, the current IEP will be amended to include areas where there is agreement until the disagreements are resolved. An addendum will also be added stating a date by which disagreements will be resolved. If disagreements are not resolved by the date, dispute resolution may be requested. The Department of Elementary and Secondary Education will adopt a consent form in line with what is specified in the bill. The form will be used by each district or entity. Parents have a right to visit any classroom or program being proposed for their child before consenting to changes. The visits will be scheduled before or after school. The options for resolution of disagreements between parties remain unchanged. The bill specifies when the school district or entity may proceed without consent.

HB 711 Pollitt

Establishes transfer procedures to nonresident districts for students in public schools

This bill creates a public school open enrollment program. It allows a student to attend school in a school district where he/she is not a resident. School districts are not required to participate and must determine by December 1 of each year whether they will participate for the next school year. Each participating school district's school board will adopt application acceptance and rejection standards. The bill specifies what can and cannot be included in the standards. A student's disabilities cannot be included. Districts can put limits on the number of students who can transfer from the district. The Department of Elementary and Secondary Education will create an online searchable database for schools to use. School districts are not required to provide special education services for nonresident students when it determines it is unable to meet the special education needs of the student after consultation with the resident school district and any other entities providing services to the child. It requires districts being served by a special school district to consult with the special school district before entering open enrollment. It allows nonresident school districts to enter into transportation agreements with parents of students who have an IEP in which transportation is a related service. It requires in certain circumstances that the nonresident district provide transportation. School districts will determine the number of transfer of students it is able to receive. A fund is created which will provide reimbursements to schools which participate in the program.

SB 70 David Gregory (15)

Allows the enrollment of nonresident students in public school districts

Only the sections related to people with disabilities are summarized.

This act establishes the "Public School Open Enrollment Act" to enable students to transfer from their district of residence ("resident district") to a nonresident district.

On or before October 1st of each year, each school district and charter school shall indicate whether it will participate in the open enrollment program during the subsequent school year. Participating districts and schools may accept transferring nonresident students from any other school district. For the 2026-27 and 2027-28 school years, a district may restrict the number of students who may transfer away from the school district to a maximum of 5% of the district's enrollment for the prior year. The act shall not be construed to require any school to add teachers, staff, or classrooms.

The Department of Elementary and Secondary Education shall develop a model policy to assist school districts and charter schools in determining the number of transfers available and establishing specific standards for acceptance and rejection of transfer applications. The model policy shall be adopted by all school districts and charter schools, whether or not they participate in the program, and may be modified to meet each school district's or charter school's particular needs. The model policy shall require each school district or charter school to define "insufficient classroom space" and may provide additional standards for evaluating transfer applications.

Nonresident districts shall accept credits toward graduation from other school districts and shall award a diploma to any transferring student who meets the nonresident district's graduation requirements.

Superintendents shall cause information regarding the open enrollment program to be posted on the school district's or charter school's website and in the school district's or charter school's student handbook.

A student may be denied transfer if, in the most recent school year, he or she has been suspended from school two or more times, was suspended for an act of school violence, or was expelled for acts that school administrators are required to report to law enforcement under current law. Such a student may alternatively be permitted to transfer on a provisional, probationary basis subject to no further disruptive behavior based on standards that shall be developed by the nonresident district. Students denied transfer shall have the right to an in-person meeting with the nonresident district's superintendent.

Students may transfer into only one nonresident district per school year. Transferring students shall commit to attending and taking all courses through the nonresident district for at least one school year, and at least one such course shall be in-seat. Students who transfer back to their resident districts shall reapply in order to transfer back into a nonresident district and shall first remain in the resident district for at least one full semester.

A sibling of a transferring student may also enroll in the same nonresident district to which his or her sibling transfers, subject to limitations based on school capacity and the student's disciplinary record.

Except for students who qualify for reimbursement of transportation costs as described in the act and for agreements allowing such students to be picked up at an existing bus stop, transferring students or their parents

shall be responsible for transportation to and from nonresident districts. By agreement with a nonresident district, parents of transferring students may waive requirements for such a district to provide transportation required under the student's individualized education program.

Any student who qualifies for free and reduced price lunch and transfers to an a nonresident district sharing a border with the student's resident district shall be reimbursed quarterly by the Parent Public School Choice Fund established in this act, based on calculations described in the act.

Before October 1st annually, each school district and charter school shall set the number of transferring students such district or charter school is willing to accept for the following school year. The district or charter school may set criteria, including limits on the number of students to be accepted to particular buildings, grades, classrooms, or programs. Districts and charter schools shall publish and notify the Department of such information.

Each school district and charter school shall develop a procedure for creating a waiting list for all transfer applications when applications exceed the district's or charter school's maximum. In accepting students from the waiting list, nonresident districts shall give additional priority to students in the following order: siblings of transfer students, children of active duty military personnel, children of school district or charter school employees, students who previously attended school in the school district or charter school as resident students, and students whose parents' employment circumstances would cause transfer to be in the student's best interest. Nonresident districts may also include other priority factors. Parents of applicants shall be informed of how the waiting list shall operate and may be required to reapply to remain on the waiting list.

A student's transfer application shall be submitted to the nonresident and resident districts on a form approved by the Department before December 1st in the year prior to the school year in which the student seeks to transfer. Nonresident districts shall mark the date and time of receipt on each such application received. Applications shall be reviewed and decided upon by the superintendent of the nonresident district. Reasons for any rejection shall be submitted to the school board or charter school governing body for review. Rejection decisions may be finalized only by a majority vote of the school board or governing body.

School boards and governing bodies of charter schools may adopt a policy granting the superintendent authority to approve transfer applications submitted after the December 1st deadline if conditions described in the act are met, including a finding of good cause. The act provides additional procedures related to the timing of late applications. Resident districts may appeal the decisions of nonresident districts for suspected violations of provisions of the act relating to late applications. The Commissioner of Education or a three member panel selected by the Missouri Charter Public School Commission shall mediate such disputes and shall conduct a hearing if the mediation is unsuccessful. A decision shall be issued within 10 days of such hearing and may be appealed within 5 days.

The superintendents of nonresident districts shall notify the parents of transfer applicants before February 1st whether the application has been accepted or rejected. Such notice shall include, if the application is rejected, the reason for a rejection, or, if the application is accepted, an enrollment deadline and instructions for renewing the transfer enrollment.

Students whose transfer applications are rejected may file an appeal with the Department or a three member panel selected by the Missouri Charter Public School Commission. The appeal shall be sent in writing within 10 days after the student or the student's parent receives notice of rejection. A copy of the appeal shall also be sent to the superintendent of the nonresident district where the applicant seeks to transfer. The appeal shall state the basis for appeal, shall include a copy of the notice of rejection, and may include documentation to show that the transfer would be in the student's best interest. The nonresident district may submit additional documentation or arguments supporting the rejection decision to the Department or the three member panel, and shall submit copies of any such response to the student or student's parent, no later than 10 days after receiving a copy of the appeal. The Department or the three member panel shall notify the parent, nonresident district, and resident district of the basis for the Department's or panel's decision if it overturns the rejection.

SB 115 **Brattin**

Establishes provisions regarding elementary and secondary education

Only the sections related to people with disabilities are summarized.

This act establishes the "Sunlight in Learning Act", which requires certain training, instructional, and curricular materials to be posted on a public school's or charter school's website. The website shall include the title, author, organization, and any website associated with the material or activity. The website shall also include the identity of the teacher or other person who created the learning material. Any activity that involves service-learning, internships, or outside organizations shall be included on the website, as outlined in the act. All procedures for the documentation, review, or approval of materials used for staff or faculty training or student learning shall be included on the school website. A listing of available resources in the library shall be included on the website. The information required to be posted on the school website shall be displayed online prior to the first instance of training or instruction, or, at the latest, fourteen days after the training or instruction. The information shall be organized by school, grade, teacher, and subject, and be displayed on the website for at least two years. Schools may use a collaborative online document or spreadsheet software to update the listings on the website. The listing shall be created and displayed in searchable or sortable electronic formats. A school with fewer than twenty enrolled students and whose materials and activities are selected independently by instructors is not required to post a list of learning materials and activities on a website. The Attorney General, Commissioner of Education, State Auditor, prosecuting or circuit attorney, or resident of a school district may initiate a suit against the school district, public school, charter school, or other governmental entity responsible for educational oversight if a violation of this act occurs. Courts shall not entertain complaints unless complainants have first worked to remedy the situation by contacting school officials, who have fifteen days to resolve the situation, or by contacting the school board, who have forty-five days to resolve the situation. No school officials shall purchase or contract copyrighted learning materials, including renewal of subscription-based materials where students are provided login credentials or access via electronic personal devices, unless provisions are made to allow parents and guardians of students to review the materials within thirty days of the submission of a written request to the school.

This act creates the "Parents' Bill of Rights Act of 2025." Under this act, no school district shall deny to the parent or guardian of a minor child certain rights. Such rights include the ability to fully review the curricula, books, and other educational materials used by the school attended by their child; the ability to access information on teachers, guest lecturers, and outside presenters who engage with students at the school; the ability to access information on third-party individuals and organizations that receive contracts or other funding through the school; the right to visit their child at school during school hours; the right to access all records generated by the school that concern their child; the ability to access information pertaining to the collection and transmission of data regarding their child; the right to be heard at school board meetings; the right to be notified of situations affecting the safety of their child at school; and the right to object to certain materials that the parent finds inappropriate to be taught to their child. Any person denied one of these rights may bring a civil action for injunctive relief. The attorney general may also bring a civil action for injunctive relief. If a school district is found to have violated this act, the Department of Elementary and Secondary Education may withhold up to fifty percent of the state aid for such district.

SB 155 McCreery

Requires public schools to develop cardiac emergency response plans

For the 2026-27 school year and all subsequent school years, this act requires every public school to develop and implement a cardiac emergency response plan that addresses the appropriate use of school personnel to respond to incidents involving an individual experiencing sudden cardiac arrest or a similar life-threatening emergency while on a school campus. Members of each public school's administration shall coordinate with local emergency services providers to integrate the public school's cardiac emergency response plan into the local emergency services providers' protocols. A cardiac emergency response plan shall integrate evidence-based core elements, such as those recommended by the American Heart Association guidelines, Project ADAM (Automated Defibrillators in Adam's Memory), or another set of nationally recognized, evidence-based standards or core elements. The act outlines certain guidelines that a cardiac emergency response plan shall integrate, including the establishment of a cardiac emergency response team and the placement of automated external defibrillators (AEDs) throughout the school campus. Appropriate AED placement shall be dictated by the cardiac emergency response plan and in accordance with guidelines set by the American Heart Association or nationally recognized guidelines focused on emergency cardiovascular care. For schools with an athletic department or organized school athletic program, an AED shall be clearly marked and easily accessible in an unlocked location at each athletic venue and event. The AED shall be accessible during the school day and any school-sponsored athletic event or team practice. Appropriate school personnel shall be certified in first aid, CPR, and AED use, as provided in the act. The school personnel required to be trained shall be determined by the cardiac emergency response plan and shall include, but shall not be limited to, athletic coaches, school nurses, and athletic trainers.

Creates, modifies, and repeals provisions relating to student transfers to nonresident districts

Under the act, any student may transfer to another public school, including transfers from a student's district of residence, or "sending district", to a public school in a nonresident district, or "receiving district", beginning in the 2026-27 school year and in all subsequent school years. The school board of each school district shall determine the district's capacity to accept student transfers in each grade level and in each school in the district. Each school board shall provide this information to the Department of Elementary and Secondary Education (DESE) beginning on July 15, 2026, and by the first day of each month thereafter. DESE shall publish and update the capacity of each district's grade levels and schools on its website. Parents of students who wish to transfer shall notify DESE by August 1, 2026, and by the first day of each month thereafter, and DESE shall assign students to a receiving district or charter school as provided in the act. A receiving district shall accept all students who apply and are assigned to the district, so long as there is capacity for each student. School board policies shall not discriminate against any transfer student on the basis of his or her residential address, academic performance, athletic ability, disability, race, ethnicity, sex, or free and reduced price lunch status. The act repeals provisions that require sending districts to make tuition payments to receiving districts. Instead, for purposes of calculating state and federal aid, each transfer student shall be counted as a resident of the

receiving district in which the student is enrolled. Tuition shall not be charged to any student or to his or her parent or legal guardian. DESE shall designate at least one receiving district or charter school to which each sending district shall provide transportation. A sending district shall be required to provide transportation only to the school district or charter school designated by DESE. If the costs associated with providing special education services to students with disabilities exceed the tuition amount established in the act, the sending district shall remain responsible for paying the excess cost to the receiving district. If the receiving district is part of a special school district, the sending district shall contract with the special school district for the entirety of the costs to provide special education and related services, excluding transportation. The special school district may contract with a sending district for transportation, or the sending district may provide transportation on its own. The act outlines school districts' responsibilities for the provision of special education and related services to students with disabilities. A special school district shall continue to provide special education and related services, excluding transportation, to students with disabilities who transfer to another school within the special school district. If the sending district is a metropolitan school district, it shall remain responsible for providing special education and related services, including transportation, to students with disabilities who transfer to a receiving district. A special school district in an adjoining county to a metropolitan school district may contract with the metropolitan school district for the reimbursement of special education and related services provided by the special school district for transfer students. A receiving district that is not part of a special school district shall not be responsible for providing transportation to transfer students, regardless of whether transportation is identified as a related service within a student's individualized education program. A sending district may contract with a receiving district that is not part of a special school district for transportation of students with disabilities. A seven-director or urban school district may contract with a receiving district that is not part of a special school district in the same or an adjoining county for the reimbursement of special education and related services provided by the receiving district.

Establishes provisions relating to student surveys

At least 24 hours before presenting a survey to a student, this act requires schools that receive state funding to notify the parent of such student, disclose the full contents of the survey, and obtain written parental consent if the survey asks any question relating to an item that is protected under the federal Protection of Pupil Rights Amendment, including questions regarding political affiliations; mental or psychological problems, including substance abuse issues; sexual behavior or attitudes; illegal, antisocial, self-incriminating, or demeaning behavior; critical appraisals of family members; legally recognized privileged relationships; religious practices, affiliations, or beliefs; or income, except as required to determine eligibility for participation in a program or to receive financial assistance under such program. A school may disclose the survey's contents by posting the survey on the school website on a page that is easily accessible to parents. The Attorney General or the prosecuting or circuit attorney in the county in which a violation of this section occurs may bring a civil action, including an action for injunctive relief, against any school official who violates the act. A student's parent may

bring a civil action, including an action for injunctive relief or for damages, against any school official for a violation of the act that causes harm to such parent's child.

Modifies the Senior Citizens Property Tax Relief Credit

Current law authorizes an income tax credit for certain senior citizens and disabled veterans in amount equal to a portion of such taxpayer's property tax liabilities, with the amount of the credit dependent on the taxpayer's income and property tax liability. This act modifies the definition of "income" to increase the amount deducted from Missouri adjusted gross income from \$2,000 to \$2,800, or, for claimants who owned and occupied the residence for the entire year, such amount is increased from \$4,000 to \$5,800. The maximum allowable credit under current law is limited to \$750 in rent constituting property taxes actually paid or \$1,100 in actual property tax paid. This act increases such amounts to \$1,055 and \$1,550, respectively, and annually adjusts such maximum amounts for inflation. Additionally, current law limits the tax credit to qualifying taxpayers with an income of \$27,500 or less, or \$30,000 in the case of a homestead owned and occupied by a claimant for the entire year. This act increases such maximum income to \$38,200 for claimants with a filing status of single,

\$42,200 for claimants with a filing status of single and who owned and occupied a homestead for the entire year, \$41,000 for claimants with a filing status of married filing combined, and \$48,000 for claimants with a filing status of married filing combined and who owned and occupied a homestead for the entire year, and annually adjusts such amounts for inflation.

Replaces the property tax on real property with a sales tax

This constitutional amendment, if approved by the voters, prohibits counties and political subdivisions from levying or collecting a tax on real property beginning January 1, 2027. In lieu of such property tax, the amendment requires a county to impose a sales tax on the sale of real property at a rate equal to the total combined rate of state and local sales taxes in effect at the location of the property, provided that all revenues generated by the tax are collected and distributed by the county in the same manner as the property tax levied prior to January 1, 2027. A taxpayer shall select whether to remit the tax due upon the transfer of the title of the property, or to remit ten percent of the sales tax due to the county collector upon the transfer of title of the property, and the remainder within five, ten, or fifteen years in equal annual installments. Financial institutions that are mortgage servicers shall pay sales tax obligations which they service from escrow accounts in one

payment by the required due date. This amendment also requires a taxpayer who purchases his or her real property prior to January 1, 2027, to remit a tax equal to the total combined rate of state and local sales taxes in effect at the location of the property multiplied by the remaining mortgage balance on such property, provided that all revenues generated by the tax are collected and distributed by the county in the same manner as the property tax levied prior to January 1, 2027. A taxpayer shall select whether to remit the tax due by December 31, 2027, 2032, 2037, or 2042, with such payment made in equal annual installments. Financial institutions that are mortgage servicers shall pay sales tax obligations which they service from escrow accounts in one payment by the required due date. This amendment also modifies a constitutional provision prohibiting sales taxes on transactions that were not subject to tax as of January 1, 2015, by providing an exemption for the sales tax imposed pursuant to the amendment.

Modifies provisions relating to advanced practice registered nurses

This act modifies provisions relating to the practice of advanced practice registered nursing. Under current law, collaborative practice arrangements between physicians and registered professional nurses may delegate to an advanced practice registered nurses ("APRNs") the authority to administer, dispense, or prescribe certain controlled substances. This act provides that the section of law providing for such agreements shall not apply to APRNs, excluding certified registered nurse anesthetists ("CRNAs"), who have been in a collaborative practice arrangement for a cumulative 2000 documented hours with a collaborating physician and whose license is in good standing. APRNs applying for licensure by endorsement may demonstrate to the Missouri State Board of Nursing completion of such hours. Additionally, any such APRN shall not be required to enter into or remain in such arrangement to practice in this state. This act further modifies the definition of "practice of advanced practice nursing" by providing that in addition to the practice of professional nursing and within the advanced practice registered nurse role and population focus, the term shall include certain actions and measures. This act also provides that an APRN's prescriptive authority shall include authority to prescribe, dispense, and administer controlled substances as provided in current law. Furthermore, the provision on prescriptive authority shall also apply to good-standing APRNs who have been in collaborative practice arrangements for a cumulative 2000 documented hours with collaborating physicians and who are no longer required to hold collaborative practice arrangements.

HB 384 **Terry**

Modifies provisions relating to guardianships and conservatorships

This bill makes several changes to guardianships and conservatorships. It adds classifications of guardianship: General, Specialized, and Forensic. It adds “mental illness” and “cognitive disability” to the definition of habilitation. It adds language regarding being consistent with the guardianship classification and the words “welfare”, “life”, and “unnatural death to the definition of “least restrictive alternative”. It adds “medical”, “cognitive”, “intellectual”, and “developmental” to the definition of treatment. The bill states the court will appoint people as guardians listed in the order of priority and adds that they must be qualified under section 475.055 and be suitable to serve. It adds “any eligible person nominated by a previous guardian who was in good standing” to the order of priority. The financial resources of the prospective guardian will not be considered when determining who is an eligible person. It also requires that it be proven that a prospective guardian with whom the person who is incapacitated will reside lives in substandard housing which poses a danger or unsanitary conditions for the person who is incapacitated and that it is a result of willful negligence by the prospective guardian before the prospective guardian is disqualified. The Department of Health and Senior Services will conduct these investigations as well as investigations regarding substandard conditions of any current or prospective dwelling of a person who is incapacitated. The bill specifies that courts cannot deny a petition for guardianship because a person lives in low-income housing, receives supplemental security income or social security disability insurance, has particular wages, or is unemployed. The wishes of the person who is incapacitated will be taken in to account by courts. Public administrators must maintain records of their criminal history, record check, credit check, and disqualification list for court inspection as deemed necessary. At any point, a court can order a guardian or conservator to submit to a criminal background check, fingerprint check, sex offender registry check, or disqualification list check. The bill states what each guardian or conservator will be given in relation to these orders. A petition for guardianship must include the guardianship classification being requested. A guardian’s annual report to the court will also include a statement from and signed by the ward regarding the performance of the guardian and other specific information regarding the ward’s thoughts and desires. It adds additional items to the guardian’s report requirements. Specific information in the report and any mental status review will be sealed by courts. Procedures are established which must occur prior to a mental status evaluation order. It includes provisions for appointing a successor guardian or conservator and a temporary guardian or conservator. It adds responsibilities to the guardian’s duties. It states that even though someone may have a forensic guardianship he/she won’t be committed or incarcerated in an institution or denied participation in a program solely because of that guardianship classification. The bill creates a statutory pathway for wards to have equal access to courts and due process. It makes changes to the rights of wards. A guardian will not include the duties of a durable power of attorney agent if one is also appointed by the court. If a ward’s capacity is disputed, it is reviewable.

Prohibits local governments from requiring private property owners to accept Section 8 vouchers

This bill states no county or city can prohibit landlords from refusing to lease or rent certain residential or commercial rental property to a person because the person's source of income to pay rent includes funding from a federal housing assistance program. It also prohibits counties or cities from telling landlords they cannot use certain methods or obtain certain information when determining whether an individual will be a tenant. It also states city or county ordinances cannot limit the security deposit amounts landlords can require or require that tenants receive the right of first refusal automatically.

Modifies provisions relating to abuse and neglect reporting, including a requirement to report companion animal abuse

This act requires animal control officers and animal humane investigators to be mandated reporters in cases of abuse and neglect of children, the elderly, and other vulnerable persons. Additionally, animal control officers and animal humane investigators shall be required to receive one hour of training within the first 60 days of employment to recognize the signs of abuse or neglect in children, the elderly, and vulnerable persons. This act creates a mandated reporting requirement for certain mental health, educational, protective services, and law enforcement personnel to report cases of animal abuse or neglect to a hotline established by the Missouri Animal Control Association (MACA). MACA shall provide the report of abuse or neglect to any duly-authorized law enforcement official, county or municipal animal control officer, or animal cruelty investigator. If the mandated reporter is an employee of an agency or political subdivision of the state and fails to make a report as required under this provision, the employer shall send a written notice to the employee noting the failure and providing a reminder of the requirements of reporting animal abuse or neglect. Additionally, a mandated

reporter who fails to make a report shall be subject to discipline by his or her professional licensing board, as well as a fine, as described in the act. Finally, protective services employees with direct contact with children, the elderly, and vulnerable persons shall be required to receive one hour of training within the first 60 days of employment to recognize the signs of abuse or neglect in animals.

SB 356 **Black**

Establishes the Designated Health Care Decision-Maker Act, which authorizes certain persons to make health care decisions for certain incapacitated persons

This act establishes the Designated Health Care Decision-Maker Act. Specifically, a health care provider or health care facility may rely on good faith and reasonable medical judgment for health care decisions made by designated health care decision-makers if two physicians determine that an incapacitated patient does not have a guardian with medical decision-making authority, a durable power of attorney for health care, is not a child under juvenile court jurisdiction, nor has any other known person who has the legal authority to make health care decisions. The physician or health care provider shall make reasonable efforts, as described in the act, to inform potential designated health care decision-makers of a patient's incapacitation. Designated health care decision-makers may be selected from the following persons listed by priority:

- (1) The spouse of the patient;
- (2) An adult child of the patient;
- (3) A parent of the patient;
- (4) An adult sibling of the patient;

- (5) A grandparent or adult grandchild;
- (6) The niece or nephew or the next nearest relative;
- (7) A religious person who is a member of the patient's community;
- (8) Any nonrelative with a close personal relationship who is familiar with the patient's values; or
- (9) A person unanimously agreed upon by those in the priority list.

Priority shall not be given to those listed if abuse or neglect is reported, the person with priority cannot be reached by the physician, or if the probate court finds that the person with priority is making decisions contrary to the patient's instructions. Furthermore, this act does not prevent any person interested in the patient's welfare, a health care provider, or a health care facility from petitioning the probate court for the appointment of a guardian. A designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health preferences and make decisions in the patient's best interests. Additionally, a designated health care decision-maker may only authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means in certain situations as specified in the act. Once a health care decision-maker or physician believes that the patient is no longer incapacitated then the patient shall be reexamined. If the patient's physician determines that the patient is no longer incapacitated, then the physician shall certify the decision and the basis therefor in the patient's medical record and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall cease upon the physician's certification that the patient is no longer incapacitated. This act further provides that no health care provider or health care facility that makes reasonable efforts to locate and communicate with potential designated health care decision-makers shall be liable for the effort to identify and communicate with a potential designated health care decision-maker. Additionally, a health care provider or health care facility may decline to comply with the decision of a health care decision-maker if the decision is contrary to the religious beliefs or moral convictions of the provider or facility. If a health care provider declines to comply with a health care decision of the designated health care decision-maker, no health care provider or health care facility shall impede the transfer of the patient to another provider or facility willing to comply with the health care decision. Nothing in this act shall be construed as condoning, authorizing, or approving euthanasia or mercy killing, or as permitting any affirmative or deliberate act to end a person's life.

Creates extreme risk orders of protection

This act establishes an "extreme risk order of protection" which allows a court to restrain or enjoin a respondent from possessing any firearm if a law enforcement officer or agency proves by a preponderance of the evidence that an immediate and significant danger exists to a respondent at risk of causing personal injury to him or herself or others. A court may immediately issue an ex parte order of protection for good cause shown and the court shall order the respondent to surrender all firearms as provided in the act. If the respondent does not comply, then a law enforcement officer serving the order shall conduct a lawful search and seizure of any firearms of the respondent. The court shall then hold a hearing within 15 days of the filing the petition and, if the court issues a full extreme risk order of protection, the person subject to the order of protection shall surrender any firearms in his or her possession, control, or ownership as provided in the act. Additionally, this act provides that a respondent to an extreme risk order of protection may file a petition to modify or rescind an order. A law enforcement officer or agency may also renew the extreme risk order of protection for up to one year from the expiration of the preceding order. Finally, any violation of an ex parte or full extreme risk order of protection shall be a class A misdemeanor for the first violation and a class E felony for any subsequent violation.

SB 463 Lewis

Creates provisions relating to an extreme risk order of protection

This act creates the "Firearm Violence Prevention Act" which establishes an extreme risk order of protection to prevent a person who is found to pose an extreme risk to him or herself or others from possessing, controlling, or owning a firearm. This act provides that a family or household member may file a petition with the court for a temporary extreme risk order of protection. If the court finds by a preponderance of the evidence that the respondent poses a significant risk of causing personal injury to self or others by possessing a firearm, the court shall issue the temporary extreme risk order of protection as provided in the act. The court shall next schedule a hearing within 7 days after the issuance of the temporary extreme risk order of protection to determine if a full extreme risk order of protection should be issued for a period of 182 days. If the court finds by clear and convincing evidence that the respondent poses a significant risk of causing personal injury to self or others by possessing a firearm, the court shall issue the extreme risk order of protection as provided in the act. The order may be renewed if the court finds the respondent continues to pose significant risk. Additionally, a law enforcement officer or agency may also file a petition for an extreme risk order of protection. This act also provides that the respondent may submit one written request for a hearing to terminate an extreme risk protection order. The hearing shall occur no sooner than 14 days and no later than 28 days after the petitioner is served with a hearing request. The court shall terminate the order if the respondent establishes by clear and convincing evidence that the respondent does not continue to pose a significant risk of personal injury to self or others. Upon the issuance of an extreme risk protection order, the court shall order the respondent to surrender all firearms as provided in the act. The law enforcement officer or agency taking possession of the firearms shall issue a receipt identifying all firearms and any permit that is surrendered. The court may issue a warrant to search and seize any firearm in possession of a person subject to a temporary or full extreme risk order of protection if probable cause exists the respondent failed to surrender all firearms. By December 1, 2025, the POST Commission shall establish policies for the storage of any firearms surrendered pursuant to this act. Once an extreme risk order of protection has expired, the law enforcement agency storing the firearm shall confirm the respondent is currently eligible to possess the firearm and return such firearm. This act provides that the court clerk shall forward a copy of an extreme risk protection order to the Highway Patrol. The order shall be

entered into the National Instant Criminal Background Check System (NICS) and the Missouri Uniform Law Enforcement System (MULES). Finally, any person found in possession of a firearm in violation of an extreme risk order of protection shall be guilty of a class B misdemeanor.

Creates provisions relating to oversight of Department of Corrections facilities

This act establishes within the Department of Corrections the "Office of State Ombudsman for Inmates in the Custody of the Department of Corrections" for the purpose of helping to ensure the adequacy of care received by inmates and to improve the quality of life experienced by them. The Office shall establish and implement procedures for receiving, processing, responding to, and resolving complaints made by or on behalf of inmates in the custody of the Department as well as establish procedures for the resolution of complaints. The Office shall be directed by an Ombudsman, who shall be appointed by the Governor and serve a 6 year term. The Ombudsman shall not be a current or former Department employee or have a spouse, child, or parent as a current or former Department employee.

This act provides that the Office shall have the authority to:

- Provide information to inmates, family members and representative of inmates, and others regarding the rights of inmates;
- Monitor conditions of confinement and assess whether the Department is in compliance with federal, state, and Department regulations;
- Establish a state-wide reporting system to collect data related to complaints received by the Department; and
- Monitor all decisions of the parole board.

The Office shall have reasonable access to all Department facilities, including all areas which are accessible to inmates, and access to programs for inmates at reasonable times. The Office shall have the authority to interview any inmates, Department employees or contractors, or any other person. The Office shall have the authority to copy documents in the possession or control of the Department that the Office considers necessary in an investigation of a complaint and the Department shall provide such documents no later than 30 days after the Office's written request. If the records relate to an inmate death, threat of death, sexual assault, or the denial of necessary medical treatment, the records shall be provided within 5 days, unless a waiver is provided by the Office to the Department. The Office shall establish confidentiality rules and procedures for all information maintained by the Office to ensure that the identity of a complainant is not known to Department employees or other inmates. The Office shall conduct at least one inspection each year of each Department facility and at least two times each year for each maximum security facility to monitor the status of all covered issues as defined in this act. The Office shall release a public report of each inspection. An inspection of a Department facility shall include an assessment of the following:

- All policies and procedures related to the care of inmates;
- Conditions of confinement;
- Availability of educational and rehabilitative programing, drug and mental health treatment, and inmate job training;

- All policies and procedures related to visitation;
- All procedures and policies of medical facilities;
- Review of lock-downs at the facility in the time since the last inspection;
- Review of staffing at the facility;
- Review of physical and sexual assaults at the facility;
- Review of any inmate or staff deaths; and
- Review of staff recruitment for the Department.

Upon completion of the inspection, the Office shall produce a public report, with information as provided in the act, on its website, and deliver the report to the Governor, Attorney General, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Director of the Department of Corrections. The Department shall then submit a report to the Office within 30 days of the Office's inspection report which shall include a corrective action plan for each recommendation of the Office. This act also provides that the Office may initiate and attempt to resolve an investigation upon its own initiative or upon receipt of a complaint from an inmate, the inmate's family or representative, or a Department employee, regarding violations as provided in the act. The Office may decline to investigate any complaint and shall decline a complaint if the inmate has failed to first utilize Department grievance policies. The Office shall notify the complainant if it does not investigate a complaint. The Office may not investigate any complaints relating to an inmate's underlying criminal conviction and may refer any complaint to another state or federal agency. At the conclusion of an investigation, the Office must render a public decision within 90 days of the filing of the complaint, except that the documents supporting the decision are subject to the confidentiality procedures established by the Office. The Office shall give a decision in writing to the inmate and to the Department. The Office shall give its recommendations for further action if needed. The Department shall give a report upon request to the Office within thirty days of any action taken on the Office's recommendations or the reasons for not complying with the recommendations. If the Office finds that there has been a significant inmate health or safety issue, the Office shall report such findings to the Governor, the Attorney General, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Director of the Department of Corrections. Finally, the Department and its employees shall not discharge, retaliate against, or in any manner discriminate against any person because such person has filed any complaint or instituted any proceeding under this act. A complaint may be filed with the Attorney General, within 30 days after a violation occurs, for any alleged discharge or retaliation against a complainant. There shall be a rebuttable presumption of retaliation if the complainant has suffered abuse or any other violation after he or she filed a complaint under this act.

SB 526 Carter

Establishes a program for services for certain youth in the custody of the Department of Social Services

Under this act, the Department of Social Services shall establish a program to provide a comprehensive system of service delivery, education, and residential care for youth with severe behavioral challenges or severe developmental disabilities. In order to be eligible for the program, a youth shall be under 21 years of age, in the custody of the Department of Social Services, and a team of professionals in the Department shall have made a determination that the needs of the youth cannot be met with existing programs. A youth under 21 years of age in a voluntary placement agreement may qualify for the program if he or she otherwise meet the requirements of this act and resources are available. The Department shall have the authority to contract with qualified services providers to provide services to the youth under this act. Such service providers shall be licensed or accredited in their respective fields of service, based in Missouri, and not-for-profit entities with a record of success in the areas for which they shall provide services and shall have the same qualified immunities from civil liability as other private contractors with the Department. The Department shall be authorized to enter into memoranda of understanding with any facility or campus under state ownership, including those owned and operated by the Division of Youth Services and the Department of Mental Health, that are appropriate for the youth being served, including facilities that are under-utilized or vacant.

Modifies provisions relating to money held by the Children's Division for the benefit of a child

Under this act, the Children's Division shall determine whether a child coming into the custody of the Division is eligible for or receiving U.S. Railroad Retirement Board, Social Security, or Veterans Administration benefits within 60 days of entering the Division's legal custody. The Division shall apply for such benefits on the child's behalf if he or she is eligible, and shall only serve as a representative payee if no other candidate is suitable. Currently, money in the child's accounts may be used by the Children's Division to pay for care or services for the child. Under this act, such money shall not be used to pay for care or services for the child. However, U.S. Railroad Retirement Board, Social Security, or Veterans Administration benefits may be used by the Division for the child's unmet needs beyond what the Division is otherwise obligated to pay. Finally, the accounts in which the child's benefits shall be placed shall be established in a manner consistent with federal and state asset and resource limits.

Authorizes parents to choose the school that their children attend

Beginning with the 2025-26 school year, each parent or guardian of a child shall be afforded the opportunity at the time of school enrollment to direct that state aid for educating the child that would be used to educate the child at a school within the school district of residence shall be remitted to a qualified school, as defined in the act, of the parent or guardian's choice, if the parent or guardian chooses a school outside of the district of residence. A parent or guardian may also choose to enroll their student at a different school within the school district of residence. The State Treasurer shall create and provide to each school district a form for use by the parent or guardian at the time of enrollment to indicate the parent or guardian's choice as to the school their student will attend for that school year. The school district shall transmit the form to the State Treasurer. The school district shall also notify the Department of Elementary and Secondary Education. Upon receipt of the form, the State Treasurer shall remit state aid that would have been remitted to the school district of residence to the school chosen by the parent or guardian if such school is outside of the school district of residence. If the student enrolls in a school outside of the school district of residence, the student shall not be counted in the resident school district's weighted average daily attendance as a resident student. The state aid remitted to the school of choice shall be the lesser of the state adequacy target for the student or the amount of tuition at the qualified school. This act contains an emergency clause.

Repeals and modifies provisions relating to lead testing in schools

The act provides that a school may filter water to reduce lead levels when the water supply is the source of lead contamination. The act prohibits a school from using flushing practices to reduce lead levels as part of the school's remediation plan. The act specifies that a filter used to reduce lead levels in a school's drinking water supply shall be installed in accordance with any relevant requirements set forth by the Department of Natural Resources. The act adds removal of a drinking water outlet from service to the list of steps a school may take if testing shows that the building's plumbing is causing lead contamination. The act repeals a provision exempting school buildings constructed after January 4, 2014, from the requirement to install, maintain, or replace filters. Finally, the act repeals provisions relating to testing for lead in school buildings constructed before 1996.

LEGISLATIVE UPDATE

Issue 3, January 24, 2025

Welcome to Issue 3 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Changes provisions governing special educational services

This bill defines young child with a developmental delay for purposes of providing services under part B of the Individuals with Disabilities Education Act. Eligibility as a young child with a developmental delay is allowed to continue when the child is kindergarten or first grade age if the child was identified as a young child with a developmental delay before age nine. The category should not be used to determine whether the student continues to be eligible for special education services if a student is nine years old before August 1. Special education services eligibility can be determined through any other disability category.

Authorizes a tax credit for certain volunteer drivers

For all tax years beginning on or after January 1, 2026, this act authorizes a taxpayer to claim a tax credit in an amount equal to federal mileage reimbursement rate, but not to exceed \$3,000, for providing qualified transportation as a volunteer driver, as such terms are defined in the act, for a not-for-profit organization. The amount of the tax credit shall be adjusted annually for inflation. Tax credits authorized by the act shall not be refundable and shall not be transferred, sold, or assigned, but may be carried forward for three tax years. A taxpayer shall not claim a credit for any miles driven to the extent the taxpayer has claimed a deduction or any other tax benefit for federal tax purposes, or for which the taxpayer has received reimbursement from a qualified organization. The total amount of tax credits authorized by the act shall not exceed \$1 million in any fiscal year, with such amount adjusted annually for inflation. This act shall sunset on December 31, 2031, unless reauthorized by the General Assembly.

Modifies provisions relating to the human immunodeficiency virus

This act repeals provisions of law relating to the human immunodeficiency virus (HIV), including, but not limited to, provisions relating to:

- Payment by the Department of Health and Senior Services for the costs of HIV testing for certain victims of crime (changed under this act to testing for sexually transmitted infections or diseases and limited to two rounds of testing);
- Those authorized to conduct HIV testing and disclosure of information relating to HIV testing and individual test results;
- HIV testing of prisoners by the Department of Corrections, HIV testing of persons participating in certain drug treatment programs by the Department of Mental Health or individuals in the Department's custody, and conducting HIV testing without the individual's right to refuse testing;
- Insurance coverage of persons who test positive for HIV or HIV-related conditions;
- Nuisance laws relating to persons who build, maintain, use, own, or lease any building or other place used for lewdness, assignation, or illegal purpose involving sexual or other contact through which HIV transmission can occur;
- Notice given by the Department of Health and Senior Services to schools on the identity of any child reported to have HIV or parents or guardians confirmed to have HIV;
- Rule promulgation authority for mandatory premarital HIV testing;
- Definitions of psychologically impacted real property; and
- Enhanced penalties for the offense of prostitution for persons knowing in advance that they were infected with HIV.

Additionally, this act modifies a provision of law that requires certain persons to undergo HIV testing prior to incarceration without the right to refuse. Under this act, such persons shall instead be screened for sexually transmitted diseases prior to incarceration, with the costs for juveniles tested to be paid for by the county in which the offense occurred. This act modifies several provisions of law relating to infection control procedures by replacing HIV or HBV (hepatitis B virus) with "serious infectious or communicable diseases". Finally, this act modifies the practice of pharmacy to include the dispensing of HIV pre-exposure prophylaxis.

Modifies provisions relating to absentee ballots

Under current law, if the statement on any absentee ballot envelope has not been completed, the absentee ballot is required to be rejected. Under this act, the election authority is required to notify the voter that the envelope is missing information by all means reasonably calculated to make contact with the voter. The voter

must be permitted an opportunity to supply the missing information by completing a new statement and delivering it to the election authority by any means authorized by law for delivering absentee ballots. The Secretary of State is responsible for developing an affidavit form to be used for such purposes. The act expressly prohibits changing any selections made on the ballot contained within the ballot envelope. Only the office of the election authority is permitted to contact voters pursuant to this act. Voters have until the close of polls on election day to supply missing information on the absentee ballot envelope. If a voter fails to supply the missing information prior to that time, the absentee ballot shall be rejected. Current law permits election authorities to prepare absentee ballots for tabulation not earlier than the fifth day prior to the election. This act repeals the five day limitation and permits preparation of absentee ballots for tabulation upon receipt. The act repeals a provision stipulating that absentee ballots that are received by an LEA in person are deemed cast when received prior to election day and absentee ballots that are received through a common carrier are deemed cast when received prior to the closing of polls. Furthermore, the repealed provision provides that absentee ballots received by the LEA through a common carrier such as the United States Postal Service are required to be received prior to the time fixed by law for the closing of polls on election day.

This bill allows individuals who have post-traumatic stress disorder, major depression, substance abuse disorders, or who require end-of-life care, as described in the bill to use psilocybin as treatment under supervision of a trained facilitator. The bill details who may serve as facilitators and the training that must be completed. Legal protections are specified. The bill also requires manufacturers of investigational drugs, biological products, or devices that involve controlled substances to register with the Department of Health and Senior Services. The Department of Health and Senior Services will create a manufacturer registry prior to November 1, 2025.

Modifies provisions governing lead in school drinking water

The bill states a school may filter water to reduce lead levels when the water supply is the source of lead contamination. Schools are prohibited from flushing to reduce lead levels as part of the school's remediation plan. Any filter used to reduce lead levels in a school's drinking water supply shall be installed in accordance with any relevant requirements of the Department of Natural Resources. Removal of a drinking water outlet from service is added to the list of steps a school may take if testing shows that the building's plumbing is causing lead contamination. The bill repeals a section exempting school buildings constructed after January 4, 2014, from the requirement to install, maintain, or replace filters. Parts related to testing frequency are changed in relation to how much lead is detected.

HB 737 **Schmidt**

Modifies provisions relating to the protection of children

Only the section related to people with disabilities is summarized.

This bill specifies that in the case of benefits administered by the Railroad Retirement Board, the Social Security Administration, or the Veterans Administration, the Children's Division is required to determine whether a child in custody of the Division is receiving or otherwise eligible to receive such benefits within 60 days after placement into custody. The Division is to apply for benefits on behalf of the child, if the child is deemed to be eligible, and if benefits are already being received before placement into the Division's custody or the Division applies for benefits on behalf of the child, the Division is responsible for identifying a representative payee and must apply to become such if no other suitable candidate is available. Any moneys received by the Division and in the account of a child are prohibited from being expended by the Division for certain services or care. However, this bill provides that the Division may use the benefits administered by the Railroad Retirement Board, the Social Security Administration, or the Veterans Administration for the child's unmet needs, as are defined in the bill, beyond what the Division is required or agrees to pay.

Modifies provisions related to the "circuit breaker" property tax credit, reenacts the "Missouri Homestead Preservation Tax Credit Program", and implements a homestead exemption for certain individuals

This bill increases the amount of rent which constitutes property taxes paid to \$1,055 and the amount of actual property taxes paid to \$1,550 when determining the property tax credit for tax years beginning January 1, 2026. The amounts will be adjusted annually based on the Midwest Region Consumer Price Index. The bill also increases the maximum upper limit to \$38,200 or \$42,200 for an individual depending on the situation. The

amounts will be adjusted annually based on the Consumer Price Index for All Urban Consumers for the Midwest Region. There are also specified amount exemptions. The table used to calculate the amount of property tax credit to be received is updated. The MO Homestead Preservation Tax Credit is reenacted under this bill. It includes people with disabilities in the eligibility.

This constitutional amendment, if approved by the voters, provides that, beginning January 1, 2027, the assessed value of residential real property shall be the most recent assessment. For all subsequent reassessments of such residential real property, the assessed value shall not increase while the owner or owners continue to own such property. Residential real property that is purchased, newly constructed, or undergoes a change in ownership shall be reassessed at its true value in money as provided by law, after which the assessed value of such property shall not increase while the new owner or owners continue to own such property. The assessed value of residential real property shall reflect the value added to the property as a result of new construction or improvements, as described in the act.

Status: 1/28/25 Introduced and First Read (S)

[SJR 56](#) [Moon](#)

Modifies provisions relating to taxation

This constitutional amendment, if approved by the voters, establishes the "Ed Emery Act". This amendment repeals state law relating to income and sales taxes and replaces it with rates as provided in the amendment. From January 1, 2028 to January 1, 2030, the individual income tax rate shall not exceed three percent. Beginning January 1, 2030, the individual income tax shall be repealed. From January 1, 2028 to January 1, 2030, the state sales tax shall not exceed five percent except on food, which shall not exceed four percent. Beginning January 1, 2030, the total of the state sales tax, conservation sales tax, and the parks and soils sales tax shall not exceed seven percent except on food, which shall not exceed five and one-half percent. The General Assembly may increase taxes or fees in the event of an emergency. All sales tax revenue shall be deposited into the General Revenue Fund and appropriated by the General Assembly unless otherwise restricted by the constitution, except that a portion of the funds received shall be deposited into the School District Trust Fund. The amount deposited in such fund shall not be less than the average annual amount deposited in the fund for fiscal years 2022-2026. The sales tax shall be imposed on all retail sales of new tangible personal property and all taxable services. All existing sales tax exemptions are repealed, other than those specifically listed in the amendment or those passed by a two-thirds majority of the General Assembly. The amendment requires all

local sales tax rates to be recalculated to produce substantially the same amount of revenue as was produced on average for the five year period prior to January 1, 2028. Beginning January 1, 2030, the total of all sales taxes, including local taxes but excluding transportation development districts and community improvement districts, shall not exceed ten percent. Such rate may be exceeded if a local tax is approved by the voters or it is the temporary result of a recalculation of local taxes. This amendment also creates a property tax relief credit equal to fifty percent of the increase in taxes on a homestead to be used on the taxpayer's current property tax bill. To be eligible, the prior year's tax liability on the residence must have increased by more than five percent in a year of general reassessment or by more than two and one-half percent in a year without reassessment. To qualify for the credit, a taxpayer shall be at least sixty-five years of age; have total household income of no more than \$75,000, adjusted annually based on the consumer price index; and own a residence of no more than \$400,000 in appraised value, adjusted annually based on the consumer price index. Any taxpayer who claims this credit shall not also claim the Senior Citizen Property Tax Credit or any similar credit.

Modifies the "Health Professional Student Loan Repayment Program"

This act modifies the "Health Professional Student Loan Repayment Program" to be the "Missouri Student Loan Repayment Program" or "MOSLRP". MOSLRP shall be for persons who practice in areas of defined need after graduating from an accredited graduate training program in the following disciplines: allopathic medical doctor, osteopathic medical doctor, general dentist, dental hygienist, registered nurse, physician assistant, psychologist, licensed clinical social worker, licensed professional counselor, marital and family therapist, or pharmacist. MOSLRP shall not include chiropractic college graduates, unlike the current "Health Professional Student Loan Repayment Program". The standards the Department of Health and Senior Services may establish shall not include enrollment as a full-time student in certain courses of study as in the current program, but shall include authorization to practice certain types of health professions.

Modifies provisions relating to abuse and neglect reporting, including a requirement to report companion animal abuse

This act requires animal control officers and animal humane investigators to be mandated reporters in cases of abuse and neglect of children, the elderly, and other vulnerable persons. Additionally, animal control officers and animal humane investigators shall be required to receive one hour of training within the first 60 days of employment to recognize the signs of abuse or neglect in children, the elderly, and vulnerable persons. This act creates a mandated reporting requirement for certain mental health, educational, protective services, and law enforcement personnel to report cases of animal abuse or neglect to a hotline established by the Missouri Animal Control Association (MACA). MACA shall provide the report of abuse or neglect to any duly-authorized law enforcement official, county or municipal animal control officer, or animal cruelty investigator. If the mandated reporter is an employee of an agency or political subdivision of the state and fails to make a report as required under this provision, the employer shall send a written notice to the employee noting the failure and providing a reminder of the requirements of reporting animal abuse or neglect. Additionally, a mandated reporter who fails to make a report shall be subject to discipline by his or her professional licensing board, as well as a fine, as described in the act. Finally, protective services employees with direct contact with children,

the elderly, and vulnerable persons shall be required to receive one hour of training within the first 60 days of employment to recognize the signs of abuse or neglect in animals.

This bill changes the age of eligibility for this tax credit to thirty years old or older by the end of the calendar year beginning January 1, 2026. The individual must meet all other criteria. This bill increases the amount of rent which constitutes property taxes paid to \$1,055 and the amount of actual property taxes paid to \$1,550 when determining the property tax credit for tax years beginning January 1, 2026. The amounts will be adjusted annually based on inflation. The bill also increases the maximum upper limit to \$38,200 or \$42,200 for an individual depending on the situation. The amounts will be adjusted annually based on inflation. There are also specified amount exemptions. The table used to calculate the amount of property tax credit to be received is updated.

Modifies provisions relating to the Missouri Empowerment Scholarship Accounts Program

The act modifies the definition of "qualified student" under the Program to include any resident of this state who is not an illegal alien and who is eligible to enroll in a public school or to receive early childhood special education services. The act repeals requirements relating to students' individualized education plans or household income. The act specifies that scholarship funds may be used to purchase technological devices such as calculators and personal computers, but not devices used primarily for noneducational purposes, such as televisions and telephones. Additionally, scholarship funds may be used to purchase a commuter pass for a qualified student, rather than covering only mileage costs to and from a qualified school. Provisions relating to agreements with educational assistance organizations shall not be construed to require a qualified student (a) to withdraw from a public school before applying for a scholarship account if the student withdraws from the school before receiving any moneys in his or her scholarship account, or (b) to prevent a qualified student from applying for a scholarship account to be funded beginning in the following school year. Finally, the Missouri Empowerment Scholarship Accounts Program shall not be construed to expand the regulatory authority of the state, its officers, or any school district, with respect to the imposition of any additional requirements or restrictions on qualified schools, beyond those necessary to enforce the requirements of the Program.

Establishes provisions relating to insurance coverage for insulin drugs and epinephrine auto-injectors

This bill prohibits insurance plans from charging more than \$35 for a thirty-day supply of insulin. It also prohibits insurance plans from charging more than \$100 for a thirty-day supply of epinephrine auto-injectors. The amount is allowed to increase at the beginning of each calendar year based on the percentage change in the medical section of the Consumer Price Index. The Departments of Commerce and Insurance, Health and Senior Services, and Social Services will compile a joint public report on insulin and epinephrine auto-injectors pricing practices, health plan pricing, and policy recommendations to control and prevent overpricing before November 1, 2025.

Establishes the "Veterans Traumatic Brain Injury Treatment and Recovery Act"

This act establishes the "Veterans Traumatic Brain Injury Treatment and Recovery Act". The act creates the "Veterans Traumatic Brain Injury Treatment and Recovery Fund", which will reimburse eligible facilities that provide hyperbaric oxygen therapy to veterans diagnosed with posttraumatic stress disorder or traumatic brain injury, and be used to conduct studies on the use of alternative therapies for such conditions. The act specifies the eligibility criteria and requirements for veterans, facilities, and health care practitioners for reimbursement. The veteran shall not be charged by the facility for the cost of the therapy. The Missouri Veterans' Commission shall compile an annual report with data about the treatment of hyperbaric oxygen therapy and its effectiveness, as set forth in the act. The Department of Health and Senior Services shall award funds to entities to study the use of alternative therapies to treat veterans with posttraumatic stress disorder and brain injuries and shall annually submit a report to the Governor by January 30 containing findings and recommendations relating to this act.

LEGISLATIVE UPDATE

Issue 6, February 14, 2025

Welcome to Issue 6 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

SB 695 **Nurrenbern**

Establishes "Brennan's Law" and modifies and repeals provisions relating to mental health efforts in public schools

Beginning in the 2026-27 school year and continuing in subsequent school years, the act requires school districts to provide at least two hours of suicide prevention training to all licensed educators. Such training shall include risk and protective factors, warning signs, response procedures, and postvention support, as the term "postvention" is defined in the act. The Department of Elementary and Secondary Education (DESE) shall include such information in its guidelines for training or professional development in youth suicide awareness and prevention. The act repeals provisions requiring public schools and charter schools that serve pupils in grades 7-12 and that issue pupil identification cards to print certain information on such identification cards by July 1, 2025. By July 1, 2026, such identification cards shall include the three-digit dialing code for the Suicide and Crisis Lifeline, 988. This provision contains an emergency clause (Section B). For the 2027-28 school year and all subsequent school years, each school district shall update its policy on youth suicide awareness and prevention training for school district employees to include risk and protective factors, warning signs, response procedures, and postvention support, as defined in the act. The corresponding model policy currently developed by DESE shall be updated accordingly. Finally, the act establishes "Brennan's Law", which requires each pupil in a public school to receive mental health awareness training at any time in grades 5-8. Such instruction shall be included in the school district's existing health or physical education curriculum and shall be based on a program established by DESE.

Creates the "Missouri Disabled Veterans' Dependents Tuition Waiver" to provide college tuition waivers for the children, stepchildren, and spouses of certain veterans

This act creates the "Missouri Disabled Veterans' Dependents Tuition Waiver" to provide college tuition waivers for the children, stepchildren, and spouses of certain veterans. The act defines an "institution" as including any state college or university or public community college that receives appropriations from the General Assembly for operating expenses and satisfies certain other conditions established in current law. A dependent of a veteran shall be eligible to receive a waiver of tuition and fees at an institution, up to a maximum that shall not exceed the amount of tuition charged a Missouri resident at the University of Missouri-Columbia for attendance, if the dependent has a parent, stepparent, or spouse who is or was a member of the Armed Forces of the United States who died on active duty, died of a service-connected disability, died after discharge from the military as a result of injury or illness, is rated as permanently and totally disabled by the United States Department of Veterans Affairs, or is classified as missing in action or a prisoner of war. For a dependent who is the child or stepchild of such a veteran, the act specifies that the dependent shall be under 26 years old unless the dependent serves on active duty with the Armed Forces of the United States, in which case the eligibility period shall be extended a maximum of five years, up to the dependent's 31st birthday. The Missouri Veterans Commission shall work with the Coordinating Board for Higher Education to implement the provisions of the act. The Missouri Veterans Commission shall ensure that the application process is accessible, transparent, and efficiently administered. The Executive Director of the Missouri Veterans Commission shall establish application procedures, determine applicants' eligibility, certify approved applicants, establish procedures for fraud prevention, and oversee program compliance and reporting, as provided in the act. The Executive Director shall work with the Coordinating Board for Higher Education to facilitate communication with institutions, ensure proper implementation of the waivers, and maintain program efficiency. The Coordinating Board for Higher Education shall ensure consistent implementation of the act across all institutions, develop guidelines for institutions to process tuition waivers, and coordinate with the Missouri Veterans Commission to ensure seamless communication and prevent administrative delays for eligible applicants. A tuition waiver shall be valid for one degree, diploma, or certificate from a community college and one baccalaureate degree from a state college or university. Receipt of a degree, diploma, or certificate from a community college shall precede receipt of a baccalaureate degree. A recipient of a tuition waiver shall be ineligible for the Wartime Veteran's Survivors Grant Program, the Survivors of Vietnam Veterans Scholarship Program, and any other state-funded veteran-dependent tuition grant, waiver, or scholarship. A student who has previously received any such grant, waiver, or scholarship shall not be eligible to receive a tuition waiver, and a student shall not concurrently receive a tuition waiver and any other such grant, waiver, or scholarship. A recipient of a tuition waiver may transfer from one institution to another without losing entitlement to the tuition waiver. If a recipient is granted financial assistance under any other student aid program, whether public or private, the full amount of such financial assistance shall be reported to the Missouri Veterans Commission and the Coordinating Board for Higher Education.

Removes availability of attorney fees under the Missouri Human Rights Act when a public employer is involved

The Missouri Human Rights Act (MHRA) currently allows a prevailing party in any civil action brought pursuant to that chapter to be awarded court costs and reasonable attorney fees. This act only permits court costs and reasonable attorney fees in cases not involving a public employer, as that term is defined in the act.

2/17/25 Introduced and First Read (S)

[SB 732](#) [Webber](#)

Modifies provisions relating to unlawful discriminatory practices

Only the sections related to people with disabilities are summarized.

The act modifies the standard for proving discriminatory claims pursuant to the MHRA. Currently, a protected criterion must be the motivating factor in any adverse decision or action. This act changes that provision such that a protected criterion must be the basis of an adverse decision or action. The act subjects the following entities and individuals to the MHRA: the state of Missouri, any political subdivision of the state, any person employing six or more persons within the state, and any person directly acting in the interest of an employer. Corporations and associations owned and operated by religious or sectarian groups are the only entities exempt from the act. Current law provides that the MHRA, the Workers' Compensation chapter, and the general employment law chapter shall be the exclusive remedy for any and all claims for injury or damages arising out of the employment relationship. This act repeals that provision. Current law provides that any person claiming to be aggrieved by an unlawful discriminatory practice are required to make, sign, and file with the Missouri Human Rights Commission a verified complaint in writing as a precedent to filing a civil action under the MHRA. Furthermore, the failure to timely file a complaint with the Commission shall deprive the Commission of jurisdiction to investigate the complaint. Complainants shall file such complaint with the Commission within 180 days of the alleged act of discrimination. Failure to timely file may be raised as a complete defense by a respondent or defendant at any time. This act repeals all such provisions and permits any person alleging an unlawful discriminatory practice pursuant to the MHRA to file a petition in circuit court of the county in which the alleged unlawful discriminatory practice occurred without first filing a complaint with the Commission. The act repeals provisions of law that abrogated past court decisions and jury instructions interpreting the MHRA as well as provisions stating which federal court cases are considered persuasive in interpreting the MHRA. The act repeals a provision of law referred to as the Whistleblower's Protection Act, which codified the common law exceptions to the employment at-will doctrine, stipulating the circumstances under which a private employee cannot be terminated from employment.

[SB 733](#) [Webber](#)

Modifies provisions relating to long-term care facilities

This act modifies several provisions relating to long-term care facilities. Under current law, a certificate of need is not required for transfer of ownership of an existing and operational health facility in its entirety. This act requires a certificate of need for any such transfer of an assisted living, intermediate care, residential, or skilled nursing facility. This act modifies requirements for licensure of long-term care facilities by requiring applications to disclose all facility owners, trustees, and companies that provide the facility or operator with administrative, clinical, and financial services, including real estate investment trusts. Finally, this act requires assisted living facilities to maintain, on a 24-hour basis, registered nurses on site providing care for a specified amount of time per day, as well as certified nursing assistants providing care for a specified amount of time per day. The facilities shall submit information to the Centers for Medicare and Medicaid Services (CMS) according to federal regulations. The Department of Health and Senior Services may impose appropriate sanctions and penalties on a facility administrator who fails to meet the minimum staffing standards two quarters in a row. An assisted living facility may be exempted from these minimum staffing requirements if a verifiable hardship exists, such as an insufficient workforce supply in the area, an inability to recruit and retain appropriate personnel, and documentation of the amount of financial resources that the facility expends on nurse staffing relative to revenue. A facility that has been cited for insufficient staffing resulting in actual harm, as described in the act, in the prior twelve months or that has failed to submit required data to CMS shall not be eligible for an exemption under this provision. Finally, the assisted facility shall designate a registered professional nurse as the director of nursing on a full-time basis and designate a registered professional nurse to serve as a charge nurse for each nursing shift.

Creates new provisions relating to leave from employment

This act creates the Missouri Earned Family and Medical Leave Act, to be a leave program in addition to the earned paid sick time law adopted as Proposition A in the 2024 general election.

GENERALLY

Under this act, all employees who are not independent contractors are eligible to receive up to six weeks each year of wage replacement benefits for any of the following reasons:

- To bond with a minor child within the first year of birth or placement in connection with foster care or adoption;
- To care for a family member with a serious health condition;
- To tend to one's own serious health condition; or
- To assume any familial responsibility because a spouse, child, or parent of an employee is on, or has been notified of an impending call to, active duty in the armed forces.

The Department of Labor and Industrial Relations is responsible for administering the program.

An employee is eligible for benefits equal to 100% of his or her average weekly pay for each full week taken for family or medical leave. However, an employee's average weekly wage may not be higher than the average state weekly wage. An employee may take partial weeks of leave but will only receive benefits equal to the fraction of the number of days of leave taken divided by the number of the days that the employee would have otherwise worked. An employee may additionally only take leave in full day increments.

APPLYING FOR BENEFITS

An employee has 41 days following the first day on which he or she begins to take family or medical leave to file a claim for benefits with the Department. Furthermore, an employee may not receive benefits until they have contributed to the Missouri Earned Family and Medical Leave Fund for at least 52 weeks.

An employee may not receive benefits on any day for which they are eligible to receive unemployment or workers' compensation benefits or for any day on which earned leave is taken under current law. Leave taken under this act must be taken concurrently with leave taken under the federal Family Medical Leave Act.

Each employee applying for benefits shall show, on a certificate provided by the Department, that he or she is entitled to family or medical leave.

An employee seeking to take leave under this act shall provide at least 30 days notice to their employer if the reason for leave is foreseeable. If it is not practicable, notice shall be given as soon as practicable.

APPEALING DETERMINATION OF ELIGIBILITY

Employees are entitled to appeal a determination of eligibility by the Department to the Administrative Hearing Commission. A notice of appeal shall be sent to the Commission within 30 days of the receipt of the determination by the employee. A decision by the Commission may be appealed to a court of competent jurisdiction.

An employee is not entitled to appeal a determination of the amount of benefits received but may request a redetermination by the Department within one year of the initial determination.

UNLAWFUL DISCRIMINATORY ACTIONS

It is unlawful for an employer to discriminate against an employee because he or she filed a claim for, indicated an intent to file a claim for, or has received Missouri earned family and medical leave benefits. Courts hearing such complaints may grant injunctive, equitable, or compensatory relief to employees. Complaints may be filed by either the employee or the Department. In the event that the Department files a complaint, the employee is thereafter barred from bringing his or her own action. In any event, a discrimination claim shall be brought within three years.

OUTREACH AND REPORTS

The Department is required to develop and implement an outreach program to make employees aware of their rights, duties, and responsibilities under this act.

The State Auditor is required to complete an audit of the program by January 1, 2033.

MISSOURI EARNED FAMILY AND MEDICAL LEAVE FUND

The Missouri Earned Family and Medical Leave Fund is created. An employee is required to contribute .025% of his or her average weekly pay to the fund, provided that the total wages used to compute the contribution rate shall not exceed the contribution and benefit base used to calculate Social Security taxes. If, at the discretion of the Director of the Department of Labor and Industrial Relations, there is not a sufficient amount of funds in the fund to satisfy all claims, the director is permitted to reduce the benefit amount each employee will receive.

Contributions to the program may begin January 1, 2028, but no employee may receive benefits until January 1, 2030. All employee contributions are pre-tax and not considered part of the adjusted gross income.

REFERENDUM CLAUSE

The act contains a referendum clause to be presented to the voters at the 2026 general election.

Modifies the "Senior Citizen Property Tax Relief Credit" or "circuit breaker" tax credit by expanding the eligibility criteria and increasing the maximum income limit and the property tax credit amounts

This bill adds veterans who are receiving Department of Veterans Affairs benefits under Aid and Attendance of Housebound status for a nonservice-connected disability to the Senior Citizen Property Tax Relief Credit eligibility. It increases the exemption for a spouse's income to \$20,000 beginning with the 2025 calendar year if the spouse resides at the same address. It changes the amount used to determine the amount of the credit by taking the total amount of property taxes paid that exceeds a person's income by 4% or greater up to \$1,500. There will be no limit for veterans with a 100% service-connected disability beginning January 1, 2026 and the individual will be given the total amount. Amounts will be increased for inflation. The maximum upper limit will be \$50,000 beginning January 1, 2026. This will be increased with inflation.

Modifies provisions relating to medical testing for pediatric rare diseases

This bill requires the Department of Health and Senior Services shall offer a public comment period each year to collect comments and information pertaining to best practices in genetically-based newborn screening for

pediatric rare diseases. The Department shall also annually seek out information and research updates from prenatal and early childhood genetic screening research organizations. The Department shall compile this information in an annual report to the Governor and General Assembly and shall include any recommendations for any updates for newborn screening. Additionally, the Department of Social Services shall include coverage of genetic testing for pediatric rare diseases as a covered MO HealthNet service. Rapid whole genome sequencing testing shall be covered in certain inpatient settings, while biomarker testing shall be covered in certain outpatient settings. The Department will seek any necessary state plan amendments or waivers from the Centers for Medicare and Medicaid Services to implement this provision. This bill requires health benefit plans to provide coverage for biomarker testing, as defined in the act, as well as for rapid whole genome sequencing (rWGS), as defined in the bill. The bill specifies when the testing must be covered, includes examples of medical necessity, enacts provisions relating to prior authorization and utilization review for the services, prohibits coverage denials based on the tests being experimental or investigational, specifies that genetic counseling before and after the tests is covered, requires health carriers to maintain on their web sites up-to-date policies on covered genomic and biomarker tests, and requires testing under the act to be performed by a laboratory certified in accordance with federal law.

Requires child care facilities to adopt allergy policies

Under this act, child care facilities shall be considered authorized entities that may acquire and stock a supply of epinephrine auto-injectors under state law. Before July 1, 2027, each licensed child care provider shall adopt a policy on allergy prevention and response with a focus on potentially deadly food-borne allergies, as specified in the act. The Department of Elementary and Secondary Education shall develop a model policy or policies before July 1, 2026.

SB 811 Carter

Specifies that prior authorizations for drugs prescribed to manage a chronic condition shall not be revoked or modified within 13 months

Currently a health carrier shall not revoke or modify a prior authorization within 45 working days after the date the health care provider receives the prior authorization. This act specifies that prior authorizations for drugs prescribed for management of a chronic condition shall not be revoked or modified within 13 months.

2/27/25 Introduced and First Read (S)

SB 828 Kurtis Gregory (21)

Enacts provisions relating to medical testing

This act creates a \$500 tax credit for employers who provide health insurance subject to the Employee Retirement Income Security Act of 1974 meeting the requirements of the act applicable to health benefit plans regulated by the state. The tax credit is non-refundable, and the total amount of tax credits authorized shall not exceed \$20 million. Under this act, the Department of Health and Senior Services shall offer a public comment period each year to collect comments and information pertaining to best practices in genetically-based newborn screening for pediatric rare diseases. The Department shall also annually seek out information and research updates from prenatal and early childhood genetic screening research organizations. The Department shall compile this information in an annual report to the Governor and General Assembly and shall include any recommendations for any updates for newborn screening. Additionally, the Department of Social Services shall include coverage of genetic testing for pediatric rare diseases as a covered MO HealthNet service. Rapid whole genome sequencing testing shall be covered in certain inpatient settings, while biomarker testing shall be covered in certain outpatient settings. The Department shall seek any necessary state plan amendments or waivers from the Centers for Medicare and Medicaid Services to implement this provision. This act requires health benefit plans to provide coverage for biomarker testing, as defined in the act, as well as for rapid whole genome sequencing (rWGS), as defined in the act. The act specifies when the testing shall be covered, includes examples of medical necessity, enacts provisions relating to prior authorization and utilization review for the services, prohibits coverage denials based on the tests being experimental or investigational, specifies that genetic counseling before and after the tests is covered, requires health carriers to maintain on their web sites up-to-date policies on covered genomic and biomarker tests, and requires testing under the act to be performed by a laboratory certified in accordance with federal law.

Creates provisions relating to communication access services

This bill requires the Missouri Commission for the Deaf and Hard of Hearing to establish a statewide communication access services program to collaborate with state and local agencies and communication access service providers to create a registry of providers in every region of the state that offer accommodations to individuals who are deaf, deaf-blind, or hard of hearing. The Commission will establish standards for providers joining the registry and create a website for the registry and related information, including information about other resources available for individuals, agencies, and businesses needing to access communication access services. The Commission must submit an annual report to the Governor and the General Assembly containing information specified in the bill. The "Communication Access Services Fund" is created. Subject to appropriations, grants from the fund will be distributed to assist individuals who are deaf, deaf-blind, or hard of hearing, or businesses or agencies service such individuals, with accessing communication access services in Missouri.

Creates provisions relating to communication access services

Under this act, the Missouri Commission for the Deaf and Hard of Hearing shall establish a statewide communication access services program to collaborate with state and local agencies and communication access service providers to create a registry of providers in every region of the state that offer accommodations to individuals who are deaf, deaf-blind, or hard of hearing. The Commission shall establish standards for those providers joining the registry and create a website for the registry and related information, including information about other resources available for individuals, agencies, and businesses needing to access communication access services. The Commission shall submit an annual report to the Governor and the General Assembly containing information as described in the act. Additionally, this act creates the "Communication Access Services Fund" and the Commission shall, subject to appropriations, distribute grants from the fund to assist individuals who are deaf, deaf-blind, or hard of hearing, or businesses or agencies service such individuals, with accessing communication access services in Missouri.

LEGISLATIVE UPDATE

Issue 9, March 7, 2025

Welcome to Issue 9 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 10, March 14, 2025

Welcome to Issue 10 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

LEGISLATIVE UPDATE

Issue 11, March 28, 2025

Welcome to Issue 11 of the Legislative Update.

This issue contains some bill movement from the week of the legislative spring break in addition to the current week.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 12, April 4, 2025

Welcome to Issue 12 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

LEGISLATIVE UPDATE

Issue 13, April 11, 2025

Welcome to Issue 13 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 14, April 18, 2025

Welcome to Issue 14 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 15, April 25, 2025

Welcome to Issue 15 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 16, May 2, 2025

Welcome to Issue 16 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

LEGISLATIVE UPDATE

Issue 17, May 9, 2025

Welcome to Issue 17 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Governor's Council on Disability

LEGISLATIVE UPDATE

Issue 18, May 19, 2025

Welcome to Issue 18 of the Legislative Update.

This is the final full issue for 2025.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

LEGISLATIVE UPDATE

Issue 19, July 15, 2025

Welcome to Issue 19 of the Legislative Update.

- The weekly Legislative Update provides information on disability related bills. For more details on a specific bill, please click on the bill number.
- If there has been action on a bill in the current week, the status is listed in red.
- To learn more about the legislative process consider attending the [Legislative Education Project](#) training or watching our online modules and videos.
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- Past issues are online at [Legislative Updates](#).
- Access to individual bill information is available on the Missouri Senate's website at [Bill Search](#)
- A glossary of legislative terms can be found at the Missouri House of Representatives [Legislative Terms](#)
- Most of the summaries are prepared by the Research Staff of the Missouri House of Representatives and Missouri Senate and are used by permission.

Note: When "incapacitated," "handicapped," etc. appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.
